## Grading

\*\*These grading policies are subject to change based on State decision\*\*

Tests – 60%

Daily Work – 15%

Homework – 5%

EOC – 0.01/19.99%

---

## EOC

To maintain parity with the Fall semester, the EOC is still listed for a total of 20% of your grade. 0.01% will be put into your grade no matter what. The other 19.99% will only be entered into your grade it will bring your grade up. It will be listed as "Improvement from State Test"

---

## Notebook

With the volume of material in this class, and the speed with which we have to cover it, organization is *crucial*. You should have a 3-ring binder dedicated to this class for notes and work during the semester. Your binder should be kept in chronological order, organized by unit.

---

## Calculators

You will want to have a calculator for class almost every single day. The work assigned for class and on tests is based on the assumption that you have a calculator. We recommend the **TI-84**. Desmos.com is also an excellent resource, but may be unavailable during testing. \*\*There may be Non-Calculator portions to unit tests\*\*

---

## Make-Up Work

If a student is absent, it is your responsibility to learn, obtain, and complete the work missed.

**Please check the CTLS platform** or the blog for missed lessons.

---

## Late Work

Late work will be accepted for a unit until the Unit Test. It will not be accepted after the Unit Test.

---

## Wednesday Sessions

Wednesday should not be considered a day off. It is our day for review and remediation. Your presence is expected and it is your opportunity to ask me any questions that you have from the current or previous units.

---

## Digital Learning Expectations

- **Be on time** by signing in to the platform before the class starts.
- **Be present** during class time with cameras on, appropriately dressed, and ready to engage.
- **Stay focused** by avoiding distractions and creating a suitable workspace.
- **Reach out** early and often if you need any help with anything! I am here to support YOU!

---

## Help Sessions

- Wednesdays during class time
